14 in priority and correlative in right and at all times when the water supply
15 available for rights within a priority class is inadequate to supply all
16 rights and all allotments within said class, then during the continuance of
17 such shortage, the owners of such allotments shall prorate the available water
18 supply, if any, in excess of the quantity required for prior rights, or rotate
19 in the use thereof, in accordance with their respective allotments in that
20 class; provided however, that no diversion shall be made from Susan River
21 between the Woodstock Dam and the Coulthurst Lower Dam for use for general

23 river between said dams; provided further, that Lassen Irrigation Company
24 shall be entitled to divert under their right hereinafter provided from the
25 flow of Susan River in excess of 20 cubic feet per second measured above the
26 confluence of said river with Willow Creek during the period from March 1st
27 to July 1st, and from the flow of said river in excess of 5 cubic feet per
28 second measured at said point at all other times; provided further, that diver-

10 during the seasons hereinbefore defined in paragraph 12, for domestic, stock
11 watering and irrigation purposes upon their respective lands as shown on the
12 Division of Water Resources Map, and as described under their respective
13 names in Schedule 1 hereof, in accordance with the acreages to be supplied,
14 priorities and quantities of water allotted, and through the diversions as
15 set forth in said Schedule 6; all allotments set forth in Schedule 6,
16 which are within the same priority class, are equal in priority and correla-
17 tive in right and at all times when the water supply available for rights
18 within a priority class is inadequate to supply all rights and allotments
19 within said class, then during the continuance of such shortage, the owners
20 of such allotments shall prorate the available water supply, if any, in excess
21 of the quantity required for prior rights, or rotate in the use thereof, in
22 accordance with their respective allotments in that class; and diversion of
23 the continuous flow equivalents of allotments provided in Schedule 6 may be
24 made at twice the rates set forth in said Schedule 6 for one-half of the time
25 during any 90-day period whenever water is available therefor; provided however,
26 that diversion of all allotments set forth in said Schedule 6 shall be limited
27 to the amounts directly applied to beneficial use with the exception of the
28 allotments to Lassen Irrigation Company, Clarence E. Dakin, Elsie M. Dakin,
29 Walter J. Dakin and Gertrude A. Dakin, and J. J. Fleming, Ora Lee Fleming,
30 Robert Fleming and Mary W. L. Fleming which may be diverted to storage.

30 44. Nothing herein contained shall, or shall be construed to, pre-
31 vent any of the parties hereto, who have a joint ditch, where there is a con-

2 joint users of said ditch a system of rotation in use as among themselves,
3 or from preventing any party hereto, who has allotments to two or more ditches,
4 from using all or any portion of his allotments through each or any number of
5 his ditches on all or any portion of his lands, so long as the maximum quan-

7 all of his ditches.

8 45. The decree in the above entitled action shall provide that the

24 shall be reasonably required and approved by said Division; such installations
25 to be made prior to July 1, 1937, or such later date as may be ordered by the
26 above entitled court. The several ditch owners shall furnish all necessary
27 labor and materials for the construction and installation of said diversion
28 works, headgates and measuring devices in their respective ditches, and the
29 cost of supervision herein provided shall be borne by the parties hereto, in
30 the ratios that their respective maximum continuous flow equivalents, as pro-
31 vided in Schedule 7 hereof, bear to the total of such maximum continuous

1 flow equivalents provided in said Schedule 7.

2 47. The decree in the above entitled action shall contain the usual
3 injunctive provisions in favor of each party hereto against all other parties
4 hereto, in respect to the water rights hereinbefore set forth.

5 48. Said decree shall further provide that each party hereto shall
6 pay his own costs, and that expenses incurred by the Division of Water Re-
